AN APPEAL FOR HELP. The News Begging Republican Votes for Jackson Hadley.

JACKSON HADLEY, the Buchapan candidate for Congress in this District, thro' his next friend. the Arms, makes a strong appeal, in yesterday's paper, to the Merchants, Mechanics, Workingnen, Property Holders and Rail Road men of Milwaukee, to " forget politics," on this particfor occasion, and vote for him, "without distinction of party." This is, indeed, a new tune for the News to sing, and betokens strange discord, or sudden alarm in the enemy's camp. We doubt, however, whether this avren song will have the derived effect, or help Mr. HABLET to votes, on porsonal grounds, which would be against him from principle. The appeal comes, indeed, with special ill-grace from the News, which all thro' this campaign, has teemed with the grossert abuse of the Republican party and its condidates, and has exhausted the vocabulary of Billingegate, in its desire to vent its wrath apon the very men whose vote, it now humbly dicits. Our Merchants, Mechanics, Working men, Property holders and all others, who, feeling a deep and lively interest in the establishment of Faranox in Kansas, have contributed largely and liberally of their means to secure that result, have been stigmatized as "Traitors," Disunionists," "Hypocrites," "Nigger-worhippers," and what not, by the very organ which now appeals to them to "forget politics" and vote for the Buchanier candidate for Congress! It is something new under the sun, for the Ness to preach this doctaine, and it is "instructive to remark" that it is addressed to our
side of the house only. The News is anxious to
have Republicans "forget politics" and vote for
Jackson Hadley, but has no mind that Democress should be equally oblivious and vote for
Jors F. Potter. This party organ, blind of
one cye, can see very plainly why Milwauker
Republicans should vote for Democratic nominees for Congress, and the Legislature, in considnees for Congress, and the Legislature, in considnees for Congress, and the Legislature, in considnees for Congress, and the set down as certain. We
hope, in view of the crying demand for men to
represent the North in Congress—not crying
full Republican vote of Milwaukee, at the least,

no man more worthy than he of the hearty and
continuous control of every Republican in his nees for Congress and the Legislature, in consideration of the services they have rendered the city, but is wholly unable to discover why any Democrat should vote for a Republican candi-

Need anything more be said to show the impudent hypocrisy of the News' appeal? Nor is Jackson Habley the man to invite his Republican fellow-citizens to "forget politics" and vote for him, irrespective of party. When else will do it. Your neighbors have no more did he "forget politica?" Where is there a more at stake in the result than you have. What is therough-going party man? Who has been a everybody's business is nobody's business. Make went farther than he did in the support of "Barstoward the Balance?" Who more roady than he to excuse and defend all their iniquities? Who as proved a more uncompromising opponent of the Republican party, or a more unnesitating advecate of Sham Democracy? And when did he in letters to the press defending Slavery, wrote

If Mr. Hantar, a Senator from this county and bound by every possible obligation to reflect the wishes and promote the interests of his constituents, is entiled to so much oredity for laboring heartily to accomplish what their constituents desired, is not an equal meed of praise due to Judge Porran who, though not a resident of our city and county, battled nobly in our behalt? And what sort of justice or gratitude would Milwaukee exhibit if, in return for such valuable and dissterested services, she should turn her back on

Judge Porran, because he chanced to reside outside of our city limits? We cannot believe that any true Republican, who has a living political faith and means what he professes, will do violence to his printiples and be guilty of bad faith to his party, by voting for Jackson Hadrey. Mr. Hadrey has not the slightest political claim upon us, and is entitled indeed, to our most carnest and untiring opposition. And as to personal claims, Judge Porran can show as good a title as his Buchaneer oppo nent. Let no solfish considerations, therefore, no hypocritical appeals of party organs, and no personal solicitations of Mr. Habler or his iends, induce any Republicau to prove recreant o his party faith. Stick to your own candidate He is eminently worthy of your support and has fairly carned it by his unbending integrity. straight forward conduct, and valuable survices. Above all, let not Milwaukce desert and strike honest, faithful, capable, efficient, and reliable Representative in Congress, vors FOR JOHN F. POTTER.

Merchania, Think of 111

The Merchants of Chicago, in view of the vast importance of next Tuesday's Election, talk of closing their stones during the hours that the Polls are open and devoting the time to their country. We hope that the MERCHANTS and Busisessa Man of Milwaukee will act upon this hint and give that day to the cause in the succows of which they are so deeply intercated. It is seldom, indeed, that this class of our citizens take an active part in our elections; but when they do so, in carnest, their influence for good most soneibly felt. Never was there an occaslon, since our Republic was founded, which more imperatively domanded such a secrifice of time and union of efforts, from all true patricts, to mine as well as your own, I give you notice than the present contest.
